

BIRCHWOOD CASEY DIRTY BIRD TARGETS

TOP RATED CATEGORIES: PERFORMANCE, QUALITY, SIGHT OF IMPACT **AVERAGE RATING: 8.3**

This product's name comes from the splatter of white that appears upon bullet impact, allowing a shooter to immediately spot each shot and shot groups from a distance. Dirty Bird targets are available in a range of packaging options and target varieties including: 3-, 5½-, 8- and 12-inch bull's-eye targets; grid-pattern sight-in targets; and silhouette targets. Contact Birchwood Laboratories Inc. at: (800) 328-6156; www.birchwoodcasey.com. (\$10.60/25-sheet pack of 8-inch bull's-eye targets)

"I tested the targets at multiple distances with a variety of bullet sizes. It's easy to see the point of every impact."—RONALD DUFF, BELDING, MI

"I like the thickness of the targets. Unlike paper targets, the Dirty Bird targets hold up well to numerous shots."—TERRY WASCHENBACH, MARION, IA
