

RUDY PROJECT TACTICAL FROM THE LEADER IN SPORTS EYEWEAR TECHNOLOGY.

The breakthrough you've been waiting for has arrived. Rudy Project's Tactical Line is a perfect blend of athlete-tested and proven eyewear combined with our technologically advanced ImpactX™ lens - a material originally designed to be used in Apache Helicopter windshields. Light-weight, unique, unparalleled protection and performance.

THE FRAME TECHNOLOGY GUARDYAN

GUARDYAN BALLISTICS APPROVED
(MIL-PRF-31013 clause 3.5.1.1 and ANSI Z87.1 "+" Standard)
Guardyan **Ballistic**

THE GUARDYAN CONCEPT

Optional optical insert. Makes it possible to use a highly technical product with all the convenience of wearing your own prescription lenses. Ask your expert optician if Guardian™ is able to support your prescription lenses.

The shield interface in Grilamid TR 55 LX is light and flexible and easily fastens to the Guardyan™. The structure is designed with flowing air slots that let air in and out of the mask preventing fogging. (REMOVABLE)

THE LENS TECHNOLOGY

- 1. GUARANTEED UNBREAKABLE FOR LIFE** ImpactX™ is stronger than any other lens material, guaranteed not to break or crack, even in complex rimless frames.
- 2. SUPERIOR OPTICS** ImpactX™ has lower refractive index, internal stress and chromatic dispersion than polycarbonate, resulting in sharper images, higher definition, reduces "rainbowing", and more visual comfort.
- 3. SUPERIOR ANTI-SCRATCH PROPERTIES** ImpactX™ lenses feature a superior Quartz™ scratch-resistant antistatic coatings, which doesn't attract dust.
- 4. LIGHTWEIGHT** ImpactX™ is 16% lighter than CR-39 and 10% lighter than polycarbonate.
- 5. EXCLUSIVE SEMI-RIGID PLATFORM** Tailor-made ImpactX™ formula for superior safety and unparalleled protection.
- 6. CUTTING-EDGE PHOTOCROMIC AND POLARIZED TECHNOLOGY** Enhanced visual acuity for any climatic conditions.
- 7. HIGH CHEMICAL RESISTANCE** ImpactX™ is not attacked by common chemicals or solvents (i.e. acetone and methyl alcohol).
- 8. HIGH THERMAL STABILITY** ImpactX™ polymer has high thermal stability and is not subject to optical or mechanical distortions, even when exposed to temperatures in excess of 800°C.
- 9. RLG Replacement Lens Guarantee** - "you scratch 'em, we replace 'em" for a nominal S&H fee. (Rx lenses are not covered under RLG)

ImpactX™ Photochromic Clear lenses provide enhanced visual acuity while offering superior light management for all climatic conditions.
